

**STEPHEN J.R. SMITH FACULTY OF ENGINEERING AND APPLIED SCIENCE AT QUEEN'S  
UNIVERSITY**

**Teaching Fellow Position Available  
Academic Year 2025/26**

**Posting Date:** September 23, 2025

**Closing Date:** October 8, 2025

Smith Engineering invites applications from suitably qualified candidates interested in teaching the following first year undergraduate course in the 2025/26 session. This course is taught as an online course for the Smith Engineering Bridge.

**APSC 115: Physics I (Winter 2026)**

**Qualifications:**

Minimum of Master's in Physics, Engineering, or related field, expertise in the field relevant to the course, and appropriate teaching experience. Previous teaching experience at the University level considered an asset. Professional Engineering license or Engineer in Training designation considered an asset. Previous educational background and/or experience must be suited to teaching the course described below. Candidates must have excellent communication and presentation skills, as well as being capable of working as a member of a teaching team.

**Course Description:**

This course is an introduction to Newtonian mechanics in the context of engineering applications. Concepts presented include the motion of a particle, particle dynamics, work and energy, conservation of energy, momentum and collisions, and statics and dynamics of rigid bodies.

(Lec: 3, Lab: No, Tut: 0.5)

**Units: 3.50**

CEAB Units:

Mathematics 0

Natural Sciences 42

Complementary Studies 0

Engineering Science 0

Engineering Design 0

**Course Details:**

This course involves online delivery from January 1, 2026 – April 30, 2026.

**Queen's University, Smith Engineering**

Beamish-Munro Hall, Room 200, 45 Union Street  
Kingston, Ontario, Canada K7L 3N6

**Expected Enrolment (subject to change):** 50 students

Winter term classes begin Monday January 5th and end Monday April 6, 2026. The Winter term examination period is April 9 - 23, 2026. More information on the Undergraduate Academic Plan can be found [here](#).

Prior to May 1, 2022, the University required all students, faculty, staff, and visitors (including contractors) to declare their COVID-19 vaccination status and provide proof that they were fully vaccinated or had an approved accommodation to engage in in-person University activities. These requirements were suspended effective May 1, 2022, but the University may reinstate them at any point.

Queen's University is committed to employment equity and diversity in the workplace, and it invites applications from all qualified individuals. Queen's is strongly committed to employment equity, diversity, and inclusion in the workplace and encourages applications from Black, racialized/visible minority and Indigenous peoples, women, persons with disabilities, and 2SLGBTQ+ persons. All qualified candidates are encouraged to apply; however, Canadians and permanent residents of Canada will be given priority.

Teaching Fellows at Queen's University are governed by a collective agreement between Public Service Alliance of Canada (PSAC) 901, Unit 1, and Queen's University. Compensation for teaching the above course will be according to the [Collective Agreement](#).

The University will provide support in its recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant's accessibility needs. If you require accommodation during the interview process, please contact [engineering.hr@queensu.ca](mailto:engineering.hr@queensu.ca).

To comply with Federal laws, the University is obliged to gather statistical information about how many applicants for each job vacancy are Canadian citizens/ permanent residents of Canada. Applicants need not identify their country of origin or citizenship; however, all applications must include one of the following statements: I am a Canadian citizen/permanent resident of Canada; OR, I am not a Canadian citizen/permanent resident of Canada. Applications that do not include this information will be deemed incomplete.

Applications should include a complete and current curriculum vitae, a copy of your transcript, a statement of teaching experience, the names and contact details of two referees who may be contacted, and any other relevant materials the candidate wishes to submit for consideration. Applications can be submitted to the First Year Committee at the address below, or by e-mail to [engineering.hr@queensu.ca](mailto:engineering.hr@queensu.ca). Applications should arrive no later than October 6, 2025.
