

**STEPHEN J.R. SMITH FACULTY OF ENGINEERING AND APPLIED SCIENCE AT QUEEN'S
UNIVERSITY**

**Teaching Fellow Position Available:
Academic Year 2026/27**

Posting Date: February 27, 2026

Closing Date: March 13, 2026

Smith Engineering invites applications from suitably qualified candidates interested in teaching the following first year undergraduate course in the 2026/27 session. This course is taught as an in-person course for the Smith Engineering Bridge.

APSC 275: Statistics and Differential Equations (Summer 2026)

Qualifications:

Minimum of Master's in Mathematics, Engineering, or related field. Previous teaching experience at the University level considered an asset. Previous educational background and/or experience must be suited to teaching the course described below. Candidates must have excellent communication and presentation skills, as well as being capable of working as a member of a teaching team.

Course Description:

The course will discuss the application of linear differential equations with constant coefficients, and systems of linear equations with engineering applications. Additionally, the course will explore relevant data analysis techniques including graphical and statistical analysis and presentation of experimental data, random sampling, estimation using confidence intervals, linear regression, residuals and correlation.

(Lec: 3, Lab: 0.5, Tut: 0.5)

Units: 4.00

Mathematics 48

Natural Sciences 0

Complementary Studies 0

Engineering Science 0

Queen's University, Smith Engineering

Beamish-Munro Hall, Room 200, 45 Union Street
Kingston, Ontario, Canada K7L 3N6

Engineering Design 0

Course Details:

This course involves in-person delivery from May 1, 2026 – August 31, 2026.

Expected Enrolment (subject to change): 50 students

Rate of Pay: \$9,924 per half-credit course (plus pay in lieu of benefits and vacation).

This posting is to fill an existing vacancy within the University.

Summer term classes begin May 4th and end July 28, 2026. The Summer term examination period is August 2 - 7, 2026. More information on the Undergraduate Academic Plan can be found [here](#).

Prior to May 1, 2022, the University required all students, faculty, staff, and visitors (including contractors) to declare their COVID-19 vaccination status and provide proof that they were fully vaccinated or had an approved accommodation to engage in in-person University activities. These requirements were suspended effective May 1, 2022, but the University may reinstate them at any point.

Queen's University is committed to employment equity and diversity in the workplace, and it invites applications from all qualified individuals. The University invites applications from all qualified individuals. Queen's is strongly committed to employment equity, diversity, and inclusion in the workplace and encourages applications from Black, racialized/visible minority and Indigenous people, women, persons with disabilities, and 2SLGBTQ+ persons. All qualified candidates are encouraged to apply; however, Canadians and permanent residents of Canada will be given priority.

Teaching Fellows at Queen's University are governed by a [Collective Agreement](#) between Public Service Alliance of Canada (PSAC) 901, Unit 1, and Queen's University.

The University will provide support in its recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant's accessibility needs. If you require accommodation during the interview process, please contact engineering.hr@queensu.ca.

To comply with Federal laws, the University is obliged to gather statistical information about how many applicants for each job vacancy are Canadian citizens/ permanent residents of Canada. Applicants need not identify their country of origin or citizenship; however, all applications must include one of the following statements: I am a Canadian citizen/permanent resident of Canada; OR, I am not a Canadian citizen/permanent resident of Canada. Applications that do not include this information will be deemed incomplete.

Applications should include a complete and current curriculum vitae, a copy of your transcript, a statement of teaching experience, the names and contact details of two referees who may be contacted, and any other relevant materials the candidate wishes to submit for consideration.

This recruitment process does not use Artificial Intelligence (AI) in the selection process as defined under the Ontario Employment Standards Act. All hiring decisions are made using non-AI related processes.

Applications can be submitted to the First Year Committee at the address below, or by e-mail to engineering.hr@queensu.ca with the subject line 'Application for APSC 275 TF Position'.

Applications should arrive no later than March 13, 2026.
