

## ELECTRICAL AND COMPUTER ENGINEERING

### EXCHANGE INFORMATION

#### THINGS TO DO BEFORE YOU COMPLETE AND SUBMIT YOUR APPLICATION FOR NOMINATION

1. Get familiar with your third year and fourth year curriculum. (i.e., what courses do you need to take abroad and find substitutions for)
2. Review course offerings at the partner Universities abroad with whom you are seeking a nomination (Hint: remember to look at not only the course content but when the course(s) are offered and is the course offered in English)
3. After your investigations, be prepared to submit a study plan for any of your preferred host universities, as part of the application process. This plan should clearly indicate the courses that you wish to substitute as your preferred exchange university, for the specific required elements of your discipline specific program. The documentation should include the course title and a brief course description of each exchange course you wish to take. You may find this information via the webpages of our university partners.

#### **Undergraduate Student Support Contacts:**

Students with last names A-L: Contact Irina Pavich at [irina.pavich@queensu.ca](mailto:irina.pavich@queensu.ca)

Students with last names M-Z: Contact Sherri Fuller at [slf3@queensu.ca](mailto:slf3@queensu.ca)

#### **ELECTRICAL AND COMPUTER ENGINEERING exchange opportunities include but are not limited to:**

Australian National University

Cardiff University

Fudan University

Lund University

Nanyang Technological University

National University of Singapore

Royal Melbourne Institute of Technology

University of Edinburgh

University of Essex

University of Exeter

University of Hong Kong

University of Leeds

University of Melbourne

University of New South Wales

University of Sheffield

University of Western Australia

Waseda University

City University of Hong Kong (ELEC)

University of Warwick (ELEC)

University College Dublin (ELEC)

Uppsala University (CMPE)
